

## Film Final Presentation Check List

- Read your Production Group description on this web page, ½ down <http://ravenwusd.weebly.com/film-studies.html>
- LOOK at Powerpoint template SAMPLE
- Share a Google PowerPoint with your entire group
- Have one computer be creating the Power Point, another computer SEARCHING the dvd movie.
- Pick up the burnt disk of “still pictures” put in computer w/PPT
- As a group decide on the 4 BEST movie moments (1 min, 2 mins, etc. in length) to SHARE in presentation.
  
- \*\*\* Super important CHECK with teacher your 4 selections, whether they are accurate for your group and whether the choice is STRONG or WEAK. Do this on the first day.
  
- Slide #1 Title of Film (underlined or italic) “Production Group Name” and each group member’s first and last name. High quality photograph from movie or a photo depicting your industry group at work.
  
- Slide#2 Attempt to find photo of the LEAD person for your production group. Example: Costumes, Costume Designer... Cinematography 1, Director of Photography, Art Direction 1, Art Director or Set Designer, etc. Search DVD end credits for names. Then Google that name, try to find photo of person and list 4-5 other film titles that they also worked on. Also google their name or look on Wikipedia about The Illusionist (2006), not the cartoon story.
  
- Slide #3 Costumes MUST do an extra slide about the “history “ of costumes for that era late 1890’s.
  
- Slide #3 or #4 One slide introduces your FIRST choice as best example of your production group in the FILM, The Illusionist.
  
- Slide #5, #6, or #7 are the remaining other 3 examples (total of 4)
  
- Decide with each slide/film example – whether to PLAY the dvd sample first or play and then FREEZE the picture to “teach” something, point out something in the frame, OR discuss the slide info first then PLAY the dvd excerpt.
  
- On 2<sup>nd</sup> day, MAKE bookmarks with dvd of your 4 movie excerpts. Write down on a piece of scrap paper your movie START times. See Raven about how to make bookmarks on her computer, label them GROUP#1, #2, example Costume#1, Costume#2
  
- On 2<sup>nd</sup> day, PRACTICE 10 times, outloud with group, the dvd and the PPT exactly what you are going to say. Reduce “uhs”, read slide text and SAY something beyond that perhaps during the movie sample or after it.
